### **July 2024 Determination: *Provisional Accreditation, 2024-2028***

---

The Report of the March 2024 Clinical Site Visit to Loretto Hospital was presented to CAAM-HP at its Annual General Meeting held July 22-23, 2024. The Board, after careful consideration of the Report, decided to offer MUCM provisional accreditation for four years, 2024-2028, with effect from August 1, 2024.

The Board looks forward to receiving evidence in the next annual progress report that the weaknesses identified in previous correspondence have been addressed.
